AMERICAN SOCIETY OF HEATING, REFRIGERATING AND
AIR-CONDITIONING ENGINEERS, INC.

Puerto Rico Chapter/GPO Box 4351 San Juan, Puerto Rico 00936

To: All ASHRAE Members, Puerto Rico Chapter

You are cordially invited to our monthly Chapter meeting to be held on Thursday, October 16, at the Rest. Metropol on Roosevelt Avenue in Hato Rey.

Our guest speaker will be Eng. Héctor M. Babilonia. He will talk to us about the Design Features of the 2% Relative Humidity Facility at the Allergan pharmaceutical plant.

Engineer Babilonia is a well-known Consulting Engineer in Puerto Rico. The facility he will discuss with us was featured in an article in the Pharmaceutical Engineering journal, March/April 1986 issue.

There shall be dinner as usual and a cash bar. The social activity will start at 7:00 p.m. We will start our business meeting at 8:00 p.m.

Our next meeting will be on November 20. We urge those Chapter Members who have not paid their dues yet to do so. The money is needed to keep the Chapter activities going.

See you at the meeting,
